

WE WANT OUR NATIONAL ANIMAL SAFE. WE SUPPORT PROJECT TIGER!

Dear Prime Minister: We are one million Kids for Tigers in 14 Indian cities. We support Project Tiger and its field staff. But in recent days almost all the tigers of Sariska have been killed. Tigers are being killed in other parts of the country as well. This makes us very sad. We also want you to protect more forests under Project Tiger. This is the only way the tiger can be saved. The Maharashtra Forest Department wants a new 800 sq. km. Sahyadri Tiger Reserve to be declared with the forests that connect the Chandoli National Park (327 sq. km.) and the Koyna Wildlife Sanctuary (423 sq. km.). These Western Ghats tiger habitats are the source of many rivers in South India. Please call an emergency meeting of the National Board for Wildlife and the Steering Committee of Project Tiger and take immediate steps to protect our national animal, the tiger. We know we can only rely on you.

Affectionately,
The Children of India
